

Screen Time Guidelines

Finding a balance between screen time and leisure time

- FACTS:**
Australian National Guidelines for screen time and usage:
- No screen time for children younger than 2yrs.
 - Up to 1 hour per day for children aged 2-5.
 - Up to 2 hours recreational screen time for children aged 5-17 (not including schoolwork).
- Australian children are spending at least 3 hours using screen base devices at home on a typical day.
- Most Australian children across all age groups are exceeding the current national recommended guidelines for screen time.
- 62% of Australian parents report family conflict due to the use of screen-based devices.
- Excessive use of gaming platforms can lead to addiction and other problematic behaviour in children.
- Children aged 8-10yrs need to focus primarily on physical, social, creative, and structured play (with other children).
- Kids aged 5-13yrs need 9-11 hours of uninterrupted sleep at night.

Recommendations

- 
- ✓ No devices in bedroom
 - ✓ No screen time before school
 - ✓ Parents are encouraged to model good screen time behaviour.
 - ✓ Engaging children in the decision-making process when creating your screentime agenda.
 - ✓ Create screen free areas in your home
 - ✓ Participate in regular, physical activity.
 - ✓ Ensure parent controls, filters and appropriate history checks are imposed and conducted.
 - ✓ Consider reducing or removing devices when adverse behaviour is evident.
 - ✓ Balancing exposure by applying “reward” screen time by finishing homework, completing chores, brushing teeth etc.
 - ✓ As children grow, gradually give them more control and choice in how they manage their time.
